AWS WAFR Definition

- The AWS Well-Architected Framework (WAF) describes key concepts, design principles, and architectural best practices for designing and running workloads in the cloud. By answering specifically designed foundational questions, you will learn how well your architecture aligns with cloud best practices and gain guidance for making improvements.

- Review of each of the AWS services used. This includes +60 questions based on the 5 pillars: Security, Operational Excellence, Performance, Reliability and Cost Optimization.

- Typical manual assessment process estimated duration: 2-4 hours.

- In comparison to Haylix ASSESS + 6Pillars takes around 60 minutes.

SECURITY · RELIABILITY · PERFORMANCE · COST OPTIMISATION · OPERATIONAL EXCELLENCE

The Haylix AWS WAFR difference

- Accelerated review assessment & remediation process delivered through

- 6Pillars' AUTOMATE+ technology.

- Increased level of assessment consistency and adherence to standards.

- Receive expert guidance and recommendations aligned with best practices faster and more accurately.

HAYLIX ASSESS

6pillars.ai

~ 60 minutes

TYPICAL MANUAL REVIEW PROCESS

Competitors take 2 - 4 hours

BENEFITS

- Receive expert guidance and recommendations aligned with best practices.

- Enhance the security and management of your cloud environment.

- Implementation the required remediation through automation.

- Assess compliance with key standards such as ISO 27001, PCI-DSS, SOC 2, NIST, and CIS.

- Achieving the AWS baseline requirements for security and management*.

- Make informed security and compliance decisions from the insights gained.

- Achieve the AWS WAFR significantly faster.

6pillars' AUTOMATE+ brings continuous compliance visibility, reporting and safe, opt-in cloud configuration automation that frees up cloud team resources, reduces alert noise, and ensures continuous compliance with best-practice configuration.

PATH TO SUCCESS

- Schedule an initial call with the Haylix professional services team.

- Initiate the WAF ReviewAccelerated review process minimizes your time, typically less than 60 minutes of your investment instead of hours.

- Assessment review & report generation

- Levering your review with additional Haylix services:

1. Haylix CREW: Remediate

Agree on remediation required actions to improve compliance and security against the AWS Well Architected Framework.

2. Haylix SECURE: Auto-Adhere

For Automated and continuous compliance adherence, leverage the 6pillars' AUTOMATE+ service for real-time compliance monitoring and automated remediation.
